

BlackBerry® from Vodafone Attachment via fax Installation & user guide

Issued on: 8 March 2006

Exclusive from SmarTone-Vodafone

“Attachment via fax”

This guide provides the steps required to install the application and the procedure to use “Attachment via fax” with your BlackBerry from Vodafone handheld.

Installation

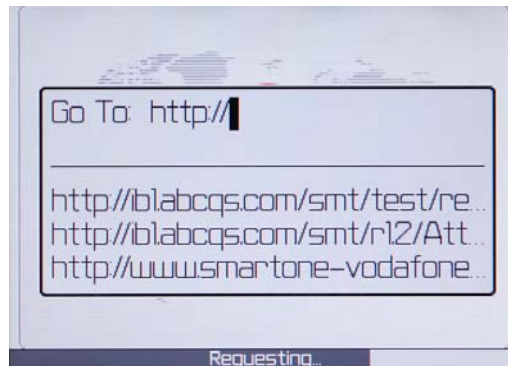

Please note if you have previously installed the “Attachment via fax 1.1”, you must remove/uninstall it first. That software can be removed/uninstalled by the steps below:

- (i) Go to “Settings” and select “Applications” on your handheld
- (ii) Select “Attachment via fax 1.1” and select “Delete”
- (iii) When the message “Delete “Attachment via fax”?” appears, click “Delete”
- (iv) When the message “Deletion will occur when handheld is restarted. Restart now?” appears, click “Yes”

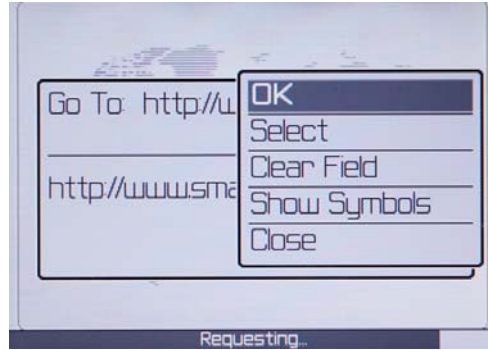

1. Select and click the WAP browser icon and then select **"Go To..."**

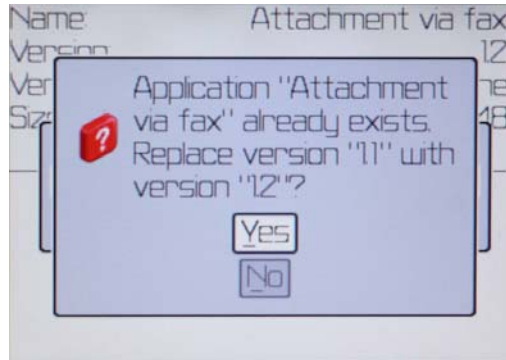

2. Enter the URL <http://www.smartone-vodafone.com/BlackBerry/Attachment-Via-Fax/Attachment2Fax.iad>

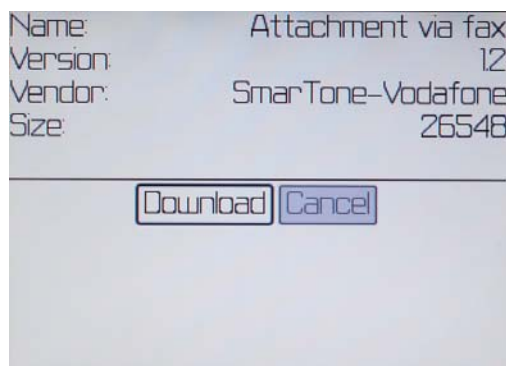

3. Click the trackwheel once then select **"OK"**

4. When the message "Application "Attachment via fax already exists. Replace version 1.1 with version 1.2?" appears, click **"Yes"**

5. When the application download page appears, click the **"Download"** button. After the application has been downloaded it will automatically install to your device

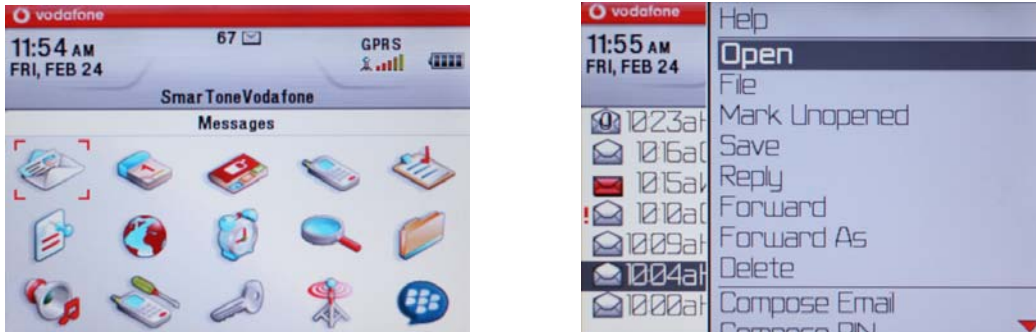

6. When the message "**Device must be rebooted to complete install**" appears, click "**Later**" to restart the device later or click "**Reboot**" to restart now

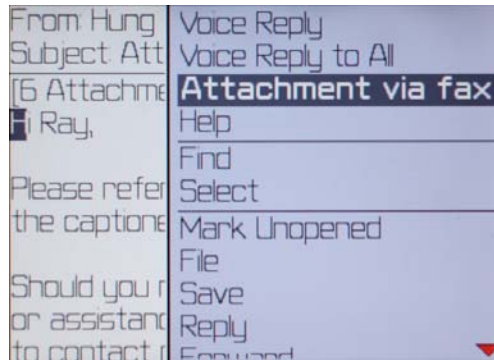

User guide

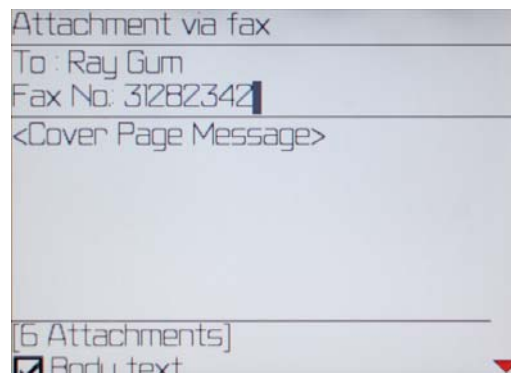

1. Select and click the Message icon and then select "**Open**"

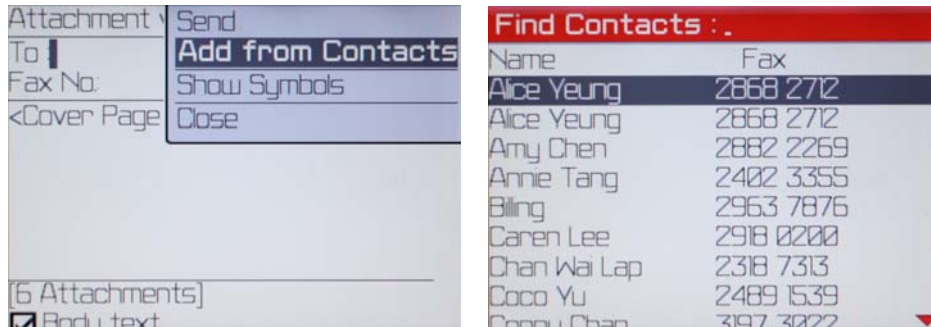

2. Click trackwheel once and select "**Attachment via fax**"

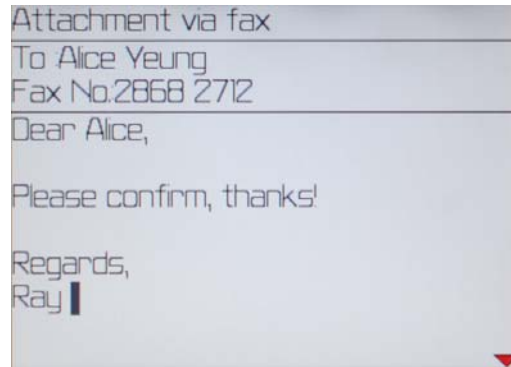

3. When the "Attachment via fax" UI/screen appears, you can:
 - (i) enter the name of the recipient and the fax no. manually, or

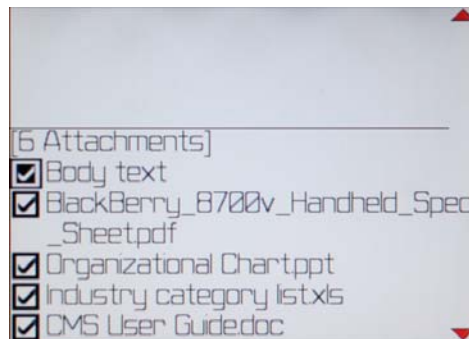

- (ii) click the trackwheel once to select **"Add from Contacts"** and then select the fax no. from the Names and Fax No. listed on screen by clicking the trackwheel again to select **"Select Fax Number"**

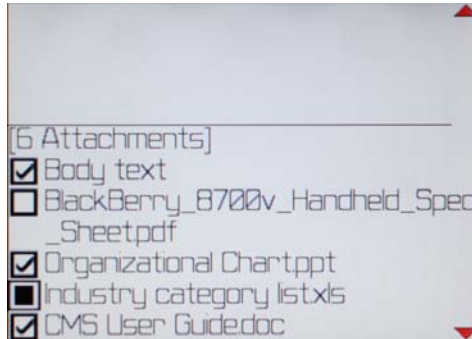

- (iii) If you would like to send the fax to more than one recipient, click the trackwheel once to select **"Add recipients"** and then repeat step 3(ii) (You can send the fax to a maximum of 10 different recipients)
- (iv) Enter fax cover page message

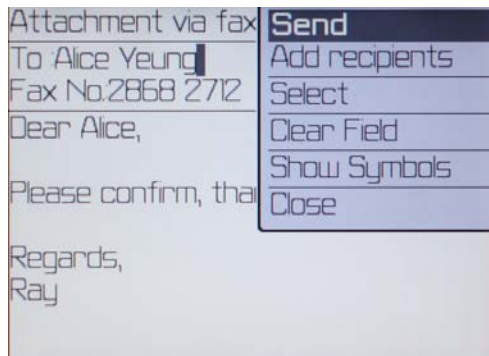

- (v) Scroll down to select whether you would like to send email body to fax or not by Check/Uncheck the **"Body Text"** checkbox

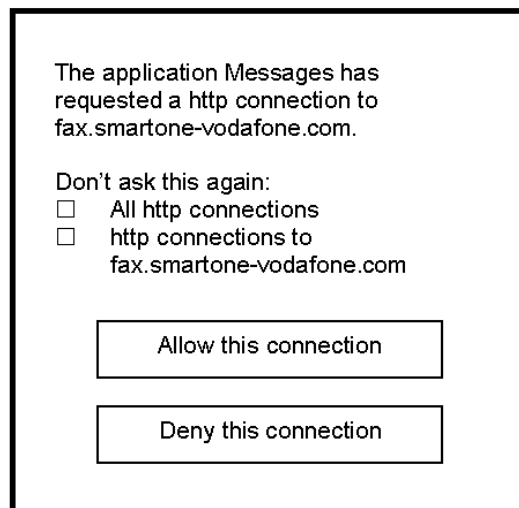

- (vi) For email with multiple attachments you can select which attachments to be sent by checking the corresponding checkboxes

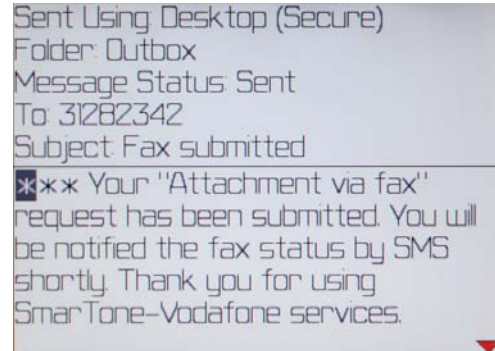

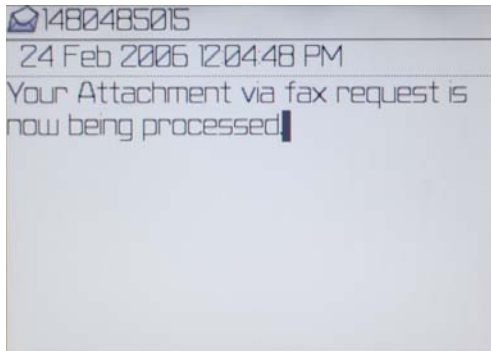

- (vii) Click trackwheel once and select "**Send**", the email/attachments will then be sent to the fax number(s)

- (viii) Check "**http connection to fax.smartone-vodafone.com**" and click "**Allow this connection**" <please note, this step is for first time user only>

- (ix) You will receive a confirmation SMS and a copy of your sent message will be saved in your email sent folder

- (x) You will receive a notification SMS upon successful delivery
